Lower School Administration

Dear Graduates of 2011,

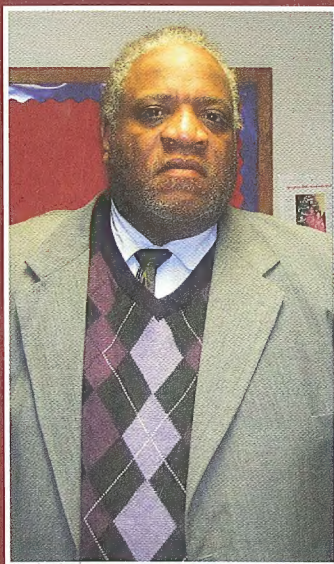

As the principal of Bulkeley Lower School I offer my heartfelt congratulations to the class of 2011. This year in our Lower School we created a new and exciting EXCEL program, an eleven month program. The purpose of this program is to support our students who are in need of extra support tactics and to encourage them to focus more seriously on learning new strategies. Ultimately, this will boost students' SAT scores and help them to master lifelong study skills that will guide them toward more successful outcomes. Students will learn the important tools needed to carry them through the Upper School curriculum and finally through their college application process. Those students who choose to enter the competitive work force will have developed skills necessary to compete among the challenges that await them.

Our students are very important to us and we are confident that the next couple of years will reveal more vividly the academic promise we see in them. Today, I look forward with much excitement and anticipation to sharing their graduation accomplishments as I do with all of you this June 2011. A new beginning awaits each and every one of you and this is your opportunity to embrace all that the future holds. I wish you the very best and continued success in all of your future endeavors as you embark on your new journey.

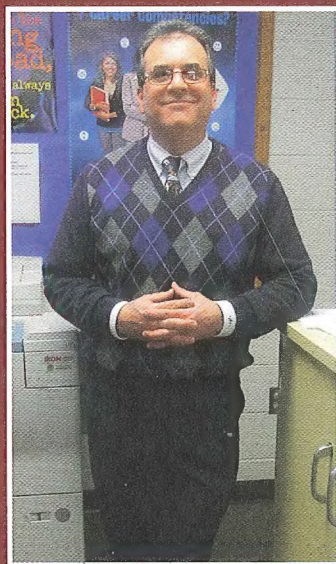

With all best wishes,

Oscar Padua

Upper School Administration

Dear Class of 2011,

As you complete your senior year and move forward to the next phase in your lives, you will have many opportunities and face a variety of challenges. As your proud Principal, I have watched you grow and evolve into young men and women, ready to leave our beloved school and move on to shaping a life that is productive, fulfilling and joyful.

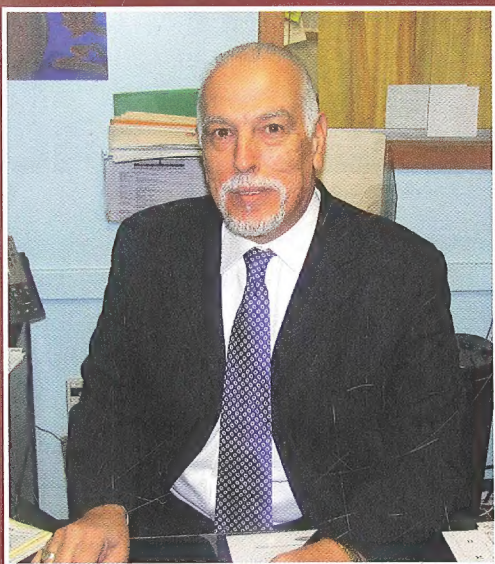

During my years at Bulkeley High School, I have been privileged to touch the lives of thousands of students. Year after year, as students graduate and move on to college and other post high school institutions, work or the military, I marvel at how many come back to reconnect and to thank those at Bulkeley who played such an important role in their lives and to offer their support and service to our school and our students. Whether these graduates are in high profile positions or distinguish themselves in their chosen field, all credit Bulkeley with playing an integral role in their success, and all have a sincere desire to go back. I urge you to continue this proud tradition and stay connected to your Bulkeley roots.

As you look back on the friendships and bonds you have forged during these four important years in your lives, and as you look forward to a future of promise and possibilities, "I hope your dreams take you . . . to the corners of your smiles, to the highest of your hopes, to the windows of your opportunities, and to the most special places your heart has ever known."

Godspeed,

SENIOR DEDICATIONS

2010-2011

Neisha L. Alverio

I want to thank my mother and father for always supporting me, and for teaching me how to be independent and remembering that education is important in our lives. I also want to thank my true friends and teachers for helping me and being there when I most needed them. It has been a great journey.

Kassandra Amaral

I want to thank my aunt for supporting me and pushing me this far. Despite everything I've been through, I still made it this far. Also, I'd like to thank my best friend for stopping me from skipping. Thank you and I love you.

Ronald Armour

I wouldn't have made it this far without my mother and grandma. They raised me, guided me, and have always been there to support me. I would be lost without these strong-minded women.

Michael Arroyo

I'd like to thank my grandmother who has been there for me since day one. When I need her most, she's always there giving me the best advice. I've been very successful because of her.

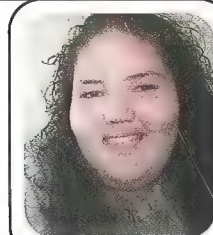

Yvonne M. Astacio

I would like to thank my parents for always being supportive and making sure I succeed. I also would like to thank all of my teachers for motivating me to do my best. I will mostly miss my fellow classmates. It has been an awesome year.

Ashlei M. Ayala

Most of all, I would like to thank my mom because without her support I wouldn't be where I am today. Also, special thanks to all of the teachers who have helped me prosper. To my best friend, Sarah Hodge, I love you like a sister and I will never replace you in my heart. Class of 2011 rules! I will miss you dearly.

Stephanie Ayala-Rolon

Two thumbs up to my family, friends; and fellow BHS cheerleaders who helped me make my last year one to always remember. I love you guys and thank you. It wasn't an easy five years, but I made it! Marines, here I come!

Daniel Baker

I want to thank my family for advice and support. I'm going to miss this senior class in many ways, and I want to let them know that I associated with each and every one of them hard body, real talk! But, I mainly want to thank God; without him, I would not be here and things wouldn't be possible.

Giusseppe Ballestas

I would like to thank Mario for giving me rides when I didn't feel like walking. I would also like to thank certain people whose names I will not mention here, because it would be too long. Oh, and, Aneela, because she wanted me to write her name on this dedication. And, by the way, I wrote this at the last moment, because I was forced to!

Denis Becirovic

I'd like to thank my mom for being caring and loving, my dad for always pushing me, my sister for making my life fun and always playful, my two cousins who give the best hugs, and my uncle and aunt who have helped me become an educated, loving person. Without all of your help I would never have a chance to be what I am today.

Mersida Becirovic

I want to dedicate this year to my parents, my brother Saban, and all the friends I've made. The year 2010 has been the most painful and exciting. Literally! I hope everyone follows their dreams. We can survive it out there. It's all about the path you choose and the life you decide to live. Life's got to be lived. That's all there is to it! Good luck, class of 2011!

Isaack Burgos

I want to thank all the people who have helped me get through my senior year, my family for always being there to support me, and my teachers for helping me. It has been a great year.

Courtney Burney

First, I want to thank the most important person in my life: my mommy! Next is my sister, Christine Banks. I also want to thank and congratulate my "true few." I don't have to say your names because you know exactly who you are. Last, but not least, I would like to thank my "seasonal options"; the people who tried to bring me down but, unfortunately, never could!

Yaricellys Caban

I would like to thank my mom for raising me on her own and for helping me become the well educated woman I am today. I want to give thanks to my brothers, Kelvin and Rafael, my boyfriend, and my best friend, Adriana, for being there for me. I love you guys! Thank you to all the teachers who helped me with my college stuff. I love you!

Adriana Camacho

It's been a long journey. A rollercoaster full of emotions and changes, but in the end we all matured. I want to wish everyone good luck as we start this new chapter in our lives. A special thanks to my mother for supporting me and motivating me. To the two special people in my life, my best friend, Yaricellys, and my boyfriend, Kelvin, thanks for being there for me. I love you guys!

Karmeliz Camacho

Oh my god, it's here class of 2011! Time has passed so fast. I would like to thank my mother and those who were around to make it possible. My next step is to define my life and do anything possible to make it nice. These high school years have built up to making the best out of my future career.

Sasha Candelaria

Parents, Dominguez, Julio. Thank you all for pushing me through high school. I wouldn't be here without you guys. To my BHS friends, thanks for making this an unforgettable experience. I'll never forget my high school years; they've made me who I've become. I love you all. See you down the road!

Justicia Candillo

My life in high school has been very challenging. Now that it's ending, I would like to thank my teachers, friends and family, especially my loving and caring mother. I love you so much. Yay, we did it!

Aileen Love Caraballo

I want to thank my parents, especially my mom, for always telling me I could make it. I also want to thank my twin, Arleen, and my other sisters and little brother for being there when I most needed them. A big thanks to Yamaris for always sticking by my side no matter what. Thanks to everyone who helped me along the way. I love you all.

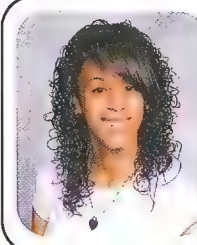

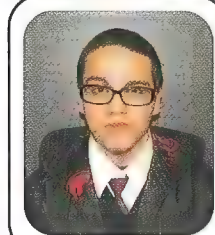

Teesha Carrasquillo

These four years have been a challenge, but I always had someone to guide me along the way. For that, I would like to thank my mother. She was always by my side, leading me down the right path. I also want to thank my teachers for helping me succeed. I would lastly thank my close friends for always being there for me. I'm going to miss you all.

Angel Cartagena

I want to thank everyone who tried to help me. I love my family and would like to thank them for supporting me. I wanted to quit, but they never quit on me. So, I decided that I wouldn't quit on them and said I'll do it!

Catherine Castillo

High school has been a great experience. It was tough, at times, but my teachers and friends helped me get through it all. I want to thank my mom for always pushing me to do well, Edwin for being there for me, and my close friends for their support.

Cesar Castillo

I want to thank my family for their support. Love you, Mommy! I want to also thank my teachers for helping me. I will miss you all. ¡Los amo a todos!

Angel Castro

First, I would like to give thanks to God for being there for me even when I wouldn't expect it. I also want to thank my mom because I would not be where I am today if it weren't for her. Thanks to the teachers who never gave up on me. I wish my fellow classmates the best in life. God bless, and much love.

Nicole M. Cruz

I want to thank my family for being a reliable resource for my studies that made my graduation possible. I also want to thank my best friend for keeping my lifeline moving and encouraging me to become a better person. Thank you for always being there to catch me when I fall and for encouraging me to finish my studies.

Francheska Delgado

I want to thank my mom because she has always been there for me and always made sure I went to school. She has been the only one helping me through thick and thin. She knows what's good and bad for me. Now that I am pregnant, she told me she is always going to be there for me! That's why I love her and thank her for everything!

I dedicate all of my four years to myself. I thank all who helped me through high school, but as we all know, it's up to you to make the effort. Nonetheless, I doubt my mom would read this twice, if I were to dedicate this to her.

Jay Diaz

I want to thank my mother for supporting me, and always making sure I got to school. "The love of the game is in OUR heart, which spreads through the blood WE bleed. The passion of playing is in OUR skin, which is shed when WE sweat. Playing isn't something that WE do, it's a part of US."

Minutes, hours, days, weeks, and months were spent in the weight room getting stronger and better. Through all of the struggles, we accomplished a lot as a team. We grew closer as a family in Camp Rell, and gained significant discipline through the experience. We always followed the motto: God is first, family is second, team is third, and I am last. Even though our record didn't show it, we were very intense in all of our games. Hopefully, we will remain close after the season.

Captain's Statement

Captain's Statement

Being a team captain this year was a big responsibility and also a lot of fun. This year really didn't go as planned, but I enjoyed it so much and learned so many things. The best part about football this year was going to camp and growing close as a team and also as a family. Even when rough times happened, we stood together and ended on a good note.

Captain's Statement

Playing with the Bulkeley High Bulldogs soccer team was a great experience. Our soccer team this year worked very hard to reach the state playoffs. I will always remember my two years playing with the team. I will miss my teammates, my coach, and the other members of our school family. Thanks for the memories.

- Steve A. Wright

Due to the hard work and dedication my teammates and I had throughout the season, I'm proud of all of the accomplishments we've had.

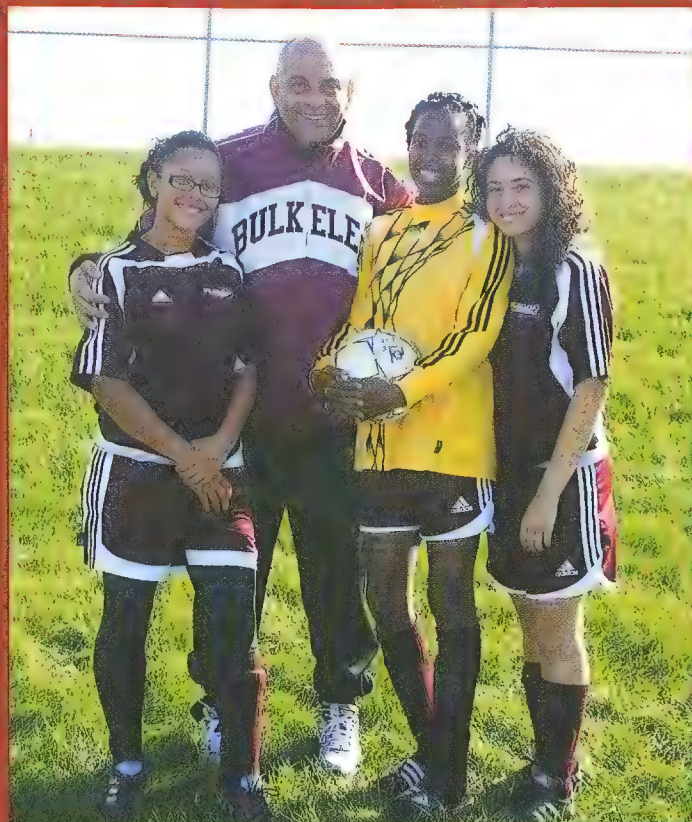

- Alan Cardona

As a co-captain of the varsity soccer team this year, I was very surprised by the team's performance. At the beginning of the season, I kept telling myself, "This year is going to be like every other year." I said this because it seemed like our players didn't want to be there. So I talked to the three other captains and told them we were going to have to step up our game if we wanted to make states. After that, the captains started to get on our team to work hard, and we started to win games. As I noticed this, I began telling everyone, "We are going to make states," and we did! Even though we lost in the first round, I am still proud of the team's performance. I would like to wish next year's team the best of luck, and hope they do well.

Captain's Statement

These past years our team has grown as a family. Through the challenging season we learned to stay positive and to do as much as we could to be successful, for it was the first if not the second time that many of us on the team had played soccer. Even so, no one can deny that we had a lot of fun.

Best of luck to next year's team.

GIRLS SWIMMING

Captain's Statement

Ladies, we had an amazing season and I'll never forget any of you. To my fellow seniors, hope you accomplish your dreams and get to where you want to be. Underclassmen, good luck in your high school career; I'll miss you all. Keep your head in the books and water ALWAYS :-)

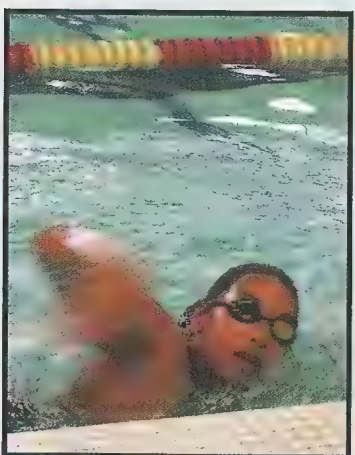

Most importantly, Dominguez, I'll miss you a TON and it'll take some getting used to. I've come a long way because of you. Thank you for everything; I love you.

Swimming means a lot to me; it made me who I am today, and has given me the drive to keep moving to the top. I'll always keep this team close to my heart.

Much love,

Being a J.V. and Varsity captain has made me realize what a team really is. Good luck to all girls who plan on playing again!

CROSS COUNTRY

CAPTAIN'S STATEMENT

This season was a very good season for the team and for me. As a team, we finished 3-5. I will never forget Coach Mangifico saying, "grow some hair on your chest and just run!" Some of the highlights of this year would have to be the city meet where we worked as a team, starting together and finishing together. I will miss the seniors leaving (Chris, Ronald, and Alex). City champs back-to-back! Whoop!

CHEERLEADING

Coach's Message

Building a team is always hard, especially when starting the year off with new cheerleaders. Even though these new members had little to no previous experience, their perseverance exceeded that of any other year. The highlight of our season was our pep rally performance. We worked long, hard hours to prepare and put on a show that we will always be proud of.

Thank you to the cheerleaders of 2010-11 for your dedication and school spirit!

- Coach Morello

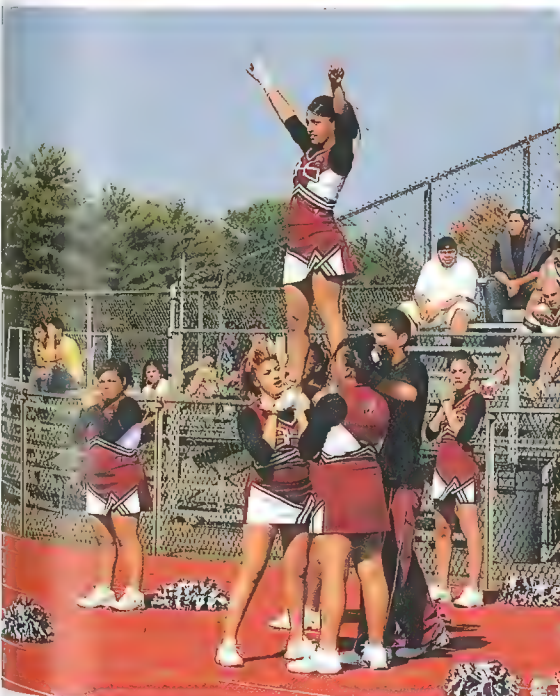

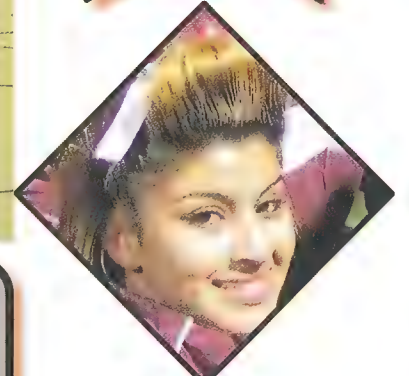

Captain's Message

The season got off to a rough start. It was hard to get used to the changes, at first, but we grew to love each other. At the end of the day we had each others' back. Cheerleading is like another family. It is something that kept my mind off of everything else. Yes, we had our ups and downs, but we stuck together and it made us closer.

I wish my team the best, and hope we stay in touch after it's all over.

Captain's Statement

My three years of being a Lady Bulldog have been the best. Ups and downs, success or not, the Lady Bulldogs fought to the end. Whether or not we won or lost, we always found a way to laugh and have fun. When someone got injured, we got back up and played within the next few minutes like nothing happened. INDOOR TRACK

CAPTAIN'S STATEMENT

Track is a sport that takes time and a lot of practice. With that I can say that this was my best indoor track team ever. Though I've only competed in track for the last two years, we have been city champions for three years in a row and conference champions for the last two years. Being captain means representing the school in every way I can. "I'm one, but I'm only one. I can't do everything, but I can do something. I ought to do what I can do, and by the grace of God, I will do. Bulldogs on 3: 1 . . . 2 . . . 3 . . . Bulldogs!"

- Donarth Thompson

Being able to collaborate with my teammates at Bulkeley has allowed for some of the greatest moments of my life. As a captain, I demonstrated nothing but dedication and focus to compete with the best and never give up. "Success doesn't come by wish, but by hard work bravely done."

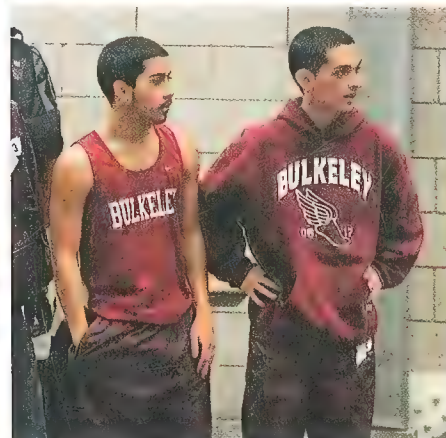

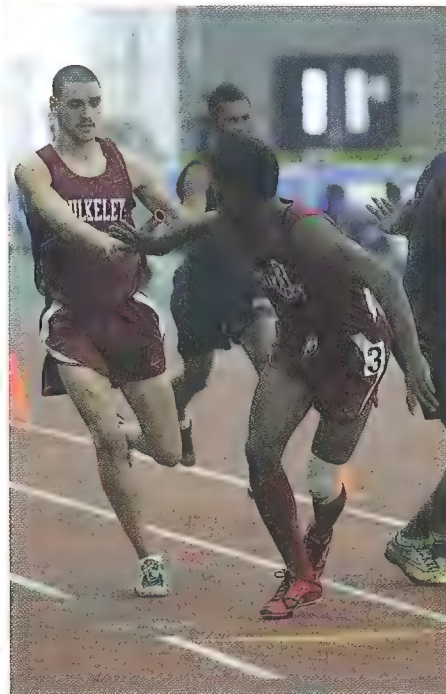

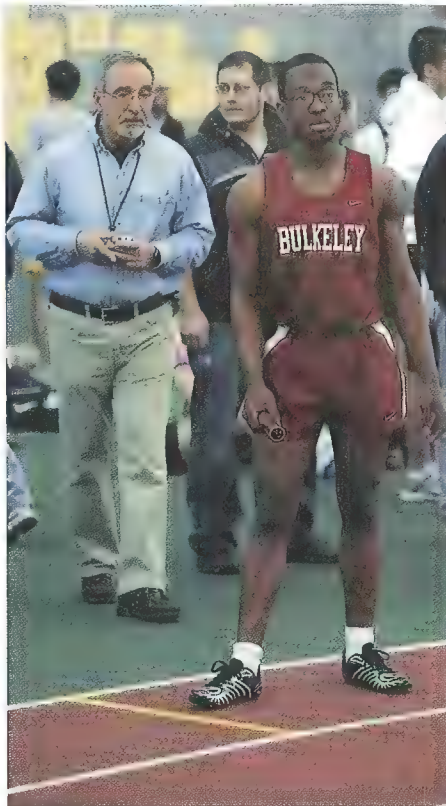

A special thanks to my coaches and for all those who have helped push us to be the best.

City champs on 3: 1 . . . 2 . . . 3 . . . City Champs!

-LesterDublin

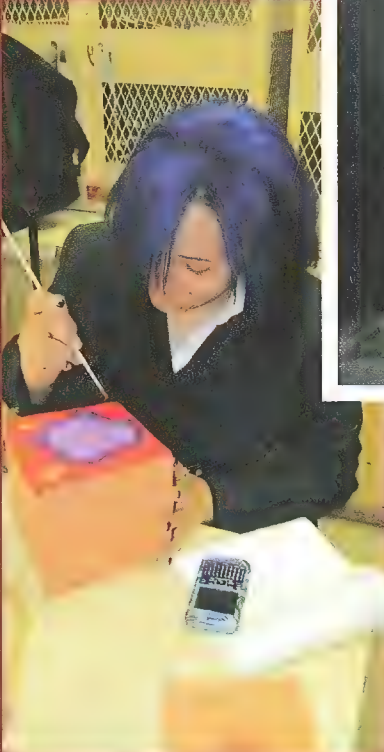

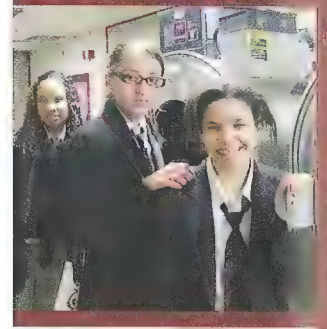

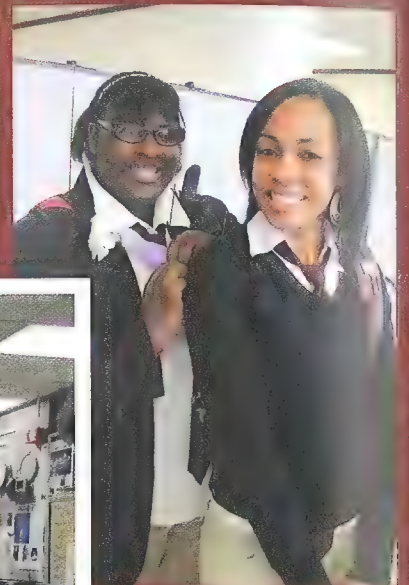

Wow! This season was awesome. Not only are we back to back to back city champions; we're back to back CCC South champions, as well. This was the best season I've had so far, and it's not stopping here! It was a good season and I have to show respect for the seniors: Lester, Donarth, Steven, Hector, and Chris.

Bulkeley Goes Green!

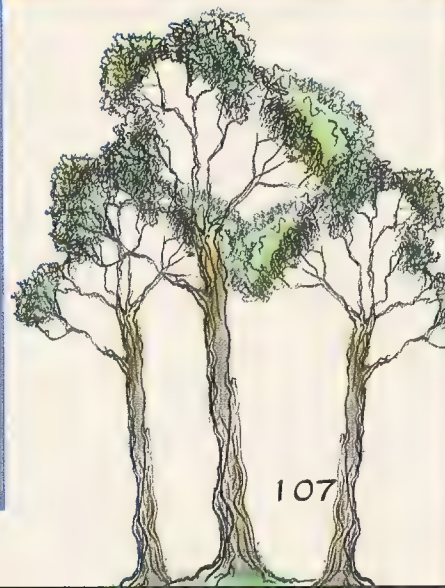

Bulkeley's Environmental Science Students

Did you know that $\frac{3}{4}$ of our garbage can be recycled? That's what BHS found out at the Recycling Assembly. Student volunteers dressed in Hazmat suits separated the recyclables from the morning cafeteria garbage, while the student body learned the facts about how they could make a difference. Put on by The BEAT, The Bulkeley Environmental Action Team, the effort was headed by Ashlei Ayala. The results? A small pile of trash destined for the incinerator, and two huge bags of recyclables that had been rescued from the dumpster. REDUCE, REUSE, RECYCLE!

 Reduce ... Reuse ... Recycle!

Captain's Statement

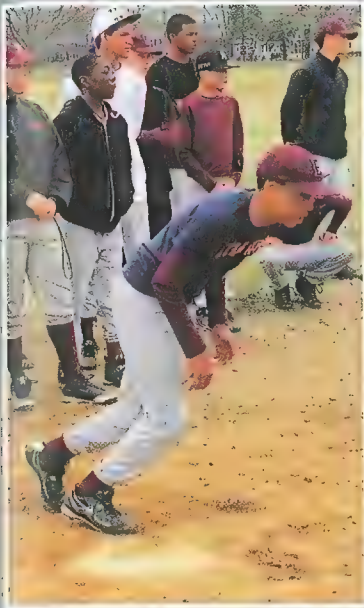

This has been the best season so far. My teammates have been more to me than friends; they are my family. We always push each other to go the extra mile. Ever since I've joined track, I feel like I can accomplish anything. I'm proud of my teammates. "Let's stop for no one. Trample the weak, hurdle the dead!" This is what we say after every practice: I am one, but I am only one. I can't do everything, but I can do something. I ought to do what I can do, and by the grace of God, I will do. Bulldogs on 3: 1 . . . 2 . . . 3 . . . Bulldogs!

Captain's Statement

Being captain of Bulkeley High School's volleyball team has made me feel great to be part of this group of guys. Over the past two years we all have grown so close and are like a family. I will miss everyone and will never forget the good times we have shared together.

YOUR PART IN THE BULKELEY YEARBOOK

At some point in the future - maybe 5, 10, or 15 years from now - you'll pick up your yearbook and try to make sense of your life in high school. You'll then realize that you've forgotten a lot. Use this space in anticipation of that moment.

IN MEMORIAM

FRANCISCO JAVIER TORO

12.17.93 - 2.22.11

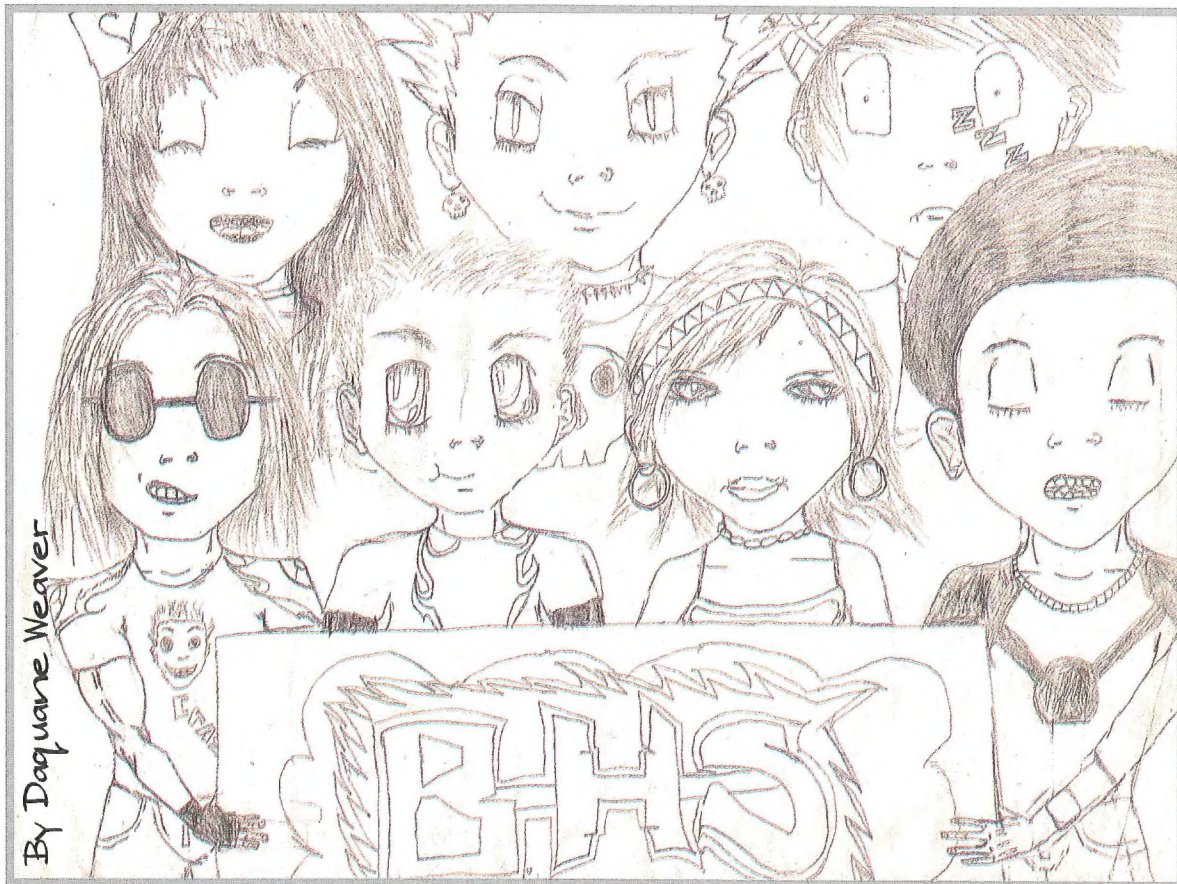

I would like to pay tribute to our classmate, Francisco Toro. He was a senior at BHS who passed away on Monday. Francisco was funny, fun to be around, kind, thoughtful, and respectful of others. Francisco, you will live in our hearts forever.

- Raymond Dudley, a message delivered to the student body

Francisco will always be remembered as a nice, calm, cool, funny, excellent, and all around great guy. He is one of the friendliest people you could ever meet. He was a great friend with a great heart and an equally great sense of humor. We will miss you.
